

How to be very successful at MVCA:

1. Check and respond to your Kmail two times each day
2. Make a check list each week to make 2-3% mastered progress in each of your courses
3. Do 10 questions in each of your topics in Study Island on Monday of each week
4. Go back and master any unmastered lessons in any courses.
5. Make sure your Learning Coach logs in with the learning coach account & logs your attendance every day.
6. Go to office hours and kmail teachers when you need help!
